Cow moo	New Anthrophony sound _____	Quiet sound _____	Leaf's rustling	Rocks falling/moving _____
New Biophony sound _____	Plane	Weird sound _____	Water in a River, Stream, or Pond	Insect buzzing _____

Remember!

- Biophony = sounds created by animals
- Anthrophony = sounds created by people or human made things
- Geophony = sounds created by natural things or processes that aren't animals

1. You can't use the same type of sound twice on your card!
2. In the "-ophony" column, before marking a square off you have to figure out what type of sound it is between Biophony, Anthrophony, or Geophony
