

# OUTDOOR SURVIVAL

*Lesson Plan for Virtual Expo Activity*

<https://www.neoutdoordiscovery.com/outdoorsurvival>

## OVERVIEW & PURPOSE

What does it take to survive in the wilderness? Through explorations of the powerpoint, how-to videos and pdf documents, students will be introduced to various outdoor survival skills and concepts.

## OBJECTIVES

1. Recognize five basic survival skills/concepts.
2. Make a paracord keychain and explain ways it can be used.

## MATERIALS NEEDED

1. Paracord
2. Ruler
3. Scissors
4. Lighter (adult assistance with the lighter)

## VERIFICATION

*Steps to check for student understanding*

1. Why are survival skills needed?
2. What are 5 basic survival skills?
3. How can you use paracord in a wilderness survival situation?

## STEP 1: VIEW the Outdoor Survival PowerPoint Presentation

## **STEP 2: WATCH the Video Resources**

- Watch the How-To Video Resources

## **STEP 3: MAKE a Paracord Keychain**

- Pass out length of paracord, keychain, ruler and scissors to each student
- Follow along with the How-To Make a Paracord Keychain Video
- Pass out the How to Use Paracord Info Sheet

## **STEP 4: Explore Additional Resources**

- Review the additional resources as time allows
